Dear Sir,

**Re: Yarrawindah PGM and nickel drilling**

Washington Resources Limited is pleased to announce that drilling commenced on its Yarawindah project on 6 December 2005. Yarawindah is located 135km north of Perth and contains an inferred resource of 79,000oz PGM with associated gold, copper and nickel. Most of the resource is contained in oxidized material, within 30m of the surface.

The initial 24 hole drill programme will be completed within two weeks.

Yours faithfully  
**Washington Resources Limited**
